

Smart Home Solutions

Creating an Efficient and Comfortable Lifestyle

Home Theater

From the ultimate media room, to a full-blown home theater, Savant can deliver a rich, dynamic viewing and listening experience while also maintaining uninterrupted access to critical whole house technologies.

Whole House Audio

From smooth jazz to heavy metal, Savant's multiroom audio solutions provide easy access to vast libraries of music distributed to any room in the house. Now everyone can enjoy a personalized environment filled with their favorite mood enhancing music.

Intelligent Lighting

Savant provides one-touch access to numerous lighting schemes tailored to any lifestyle. As an example, one simple tap on your iPad® or iPhone® can activate your exterior floodlights and turn off all interior lighting for nighttime security and energy efficiency.

Climate Control

Savant's automation technology enables homeowners to monitor heating and cooling systems with total control of thermostats, window shades and draperies.

Apple® & Savant Integration

While other competing control and automation companies claim tight interoperability with Apple® products, Savant goes way beyond just integration; Apple's® Mac OS® has been the driving force behind every Savant SmartSystem since we first opened our doors.

Energy Management

Smart Energy from Savant allows you to reduce energy consumption, conserve resources and save money, all without sacrificing comfort or convenience.
